SWATI BARETHA

.NET FULL STACK DEVELOPER

📍 Indore, Madhya Pradesh 📞 +91 9399581248 ✉️ swatibaretha6@gmail.com

SUMMARY

Detail-oriented .NET Full Stack Developer with 1.5+ years of hands-on experience building production mobile and web applications using .NET MAUI, C#, and ASP.NET Core. Proven track record in architecting clean MVVM codebases, building reusable UI components, and integrating robust cloud backends with Azure Blob Storage and RESTful APIs.

PROFESSIONAL EXPERIENCE

Winlancer Technologies Pvt. Ltd. — **Software Developer (.NET Full Stack)** Mar 2023 – Present | Indore, MP

- Architected and shipped 2 cross-platform production apps using .NET MAUI, delivering unified UI/UX and logic across Android and iOS from a single C# codebase.
- Implemented MVVM Architecture across 20+ mobile screens, cleanly isolating business logic from views to boost unit testability and code maintainability.
- Integrated 90+ REST API endpoints built on ASP.NET Core into client-side services, implementing secure token authentication, reactive data binding, and robust offline state handling.
- Partnered in an Agile environment with UI/UX designers and QA teams across full software lifecycles to squash pre-release bugs and ensure zero-downtime feature rollouts.

KEY PROJECTS

Viberent — *Equipment Rental & Field Operations App* .NET MAUI, Azure, C#

- Developed a complete enterprise mobile app automating field operations for equipment rentals from quote creation to return and damage inspection.
- Engineered custom photo capture & digital checklist modules that upload inspection media directly to Azure Blob Storage in real-time.
- Integrated real-time barcode & serial number scanning to instantly verify item availability and streamline warehouse check-in/check-out.
- Built automated SMS alerts, interactive calendar scheduling, and employee timesheet tracking features directly into the mobile client.

Mommyist — *Pregnancy & Baby Tracking Mobile Application* .NET MAUI, Web API, SQL

- Built an end-to-end parenting mobile platform featuring due-date calculators, interactive growth charts, baby feeding logs, and custom measurement unit converters.
- Designed a high-performance community forum and knowledge base with article bookmarking and discussion feeds.
- Created a design system with 20+ custom reusable UI components (cards, popups, pickers) ensuring consistent brand aesthetics across Android and iOS.
- Architected the app with Dependency Injection and a flexible, decoupled service layer targeting ASP.NET Core Web API and SQL Server backends.

TECHNICAL SKILLS

Mobile & Frontend: .NET MAUI, .NET Blazor, C#, JavaScript, React Native

Backend & APIs: ASP.NET Core, ASP.NET MVC, Entity Framework Core, RESTful APIs, Core Java

Database & Cloud: SQL Server, Azure Blob Storage

Tools & IDEs: Visual Studio, VS Code, Git, GitHub

Stack Exposure: MERN Stack (React, Node.js, Express, MongoDB)

AI Assistance Tools: Claude AI, Antigravity AI, Trae AI

EDUCATION & TRAINING

Bachelor of Science (B.Sc.)
Vikram University, Ujjain
2021 – 2024

MERN Stack & Core Java Certification
Infobeans Foundation
1-Year Intensive Training Program
